• Bachelor of Science in Computational Media	
University of Georgia – Athens, GA	<i>August 2021- May 2022</i>
• Bachelor of Science in Computer Science	
Lambert High School – Suwanee, GA	<i>August 2017 – May 2021</i>

EXPERIENCE

Infostretch (Gathi Analytics) – Plano, TX *June 2022 - August 2022*

Data Engineering Intern

- Trained in languages and skills including Python, SQL, Data Warehousing, Tableau, and Jira by taking Udemy courses provided by the company.
- Tasked with cleaning and presenting large data sets in a timely manner to a leadership panel.
- Worked in teams to effectively draw and present conclusions while focusing on data storytelling and creatively presenting ideas
- Attended daily calls to update on progress throughout the internship and hear from different leaders within the company

Paramount Software Solutions – Alpharetta, GA *June 2018 - July 2018*

Information Technology Intern

June 2020 - August 2020

- Assisted the IT department in developing TermST. Project, a highly secure platform where commercial real estate borrowers can communicate and share files with detailed property information among potential lenders.
- Attended daily StandUp meetings and weekly client meetings to offer a new perspective on project issues dealing with user experience
- Identified bugs in the program by meticulously testing cases with the Quality Assurance department and reporting the bugs to the Jira platform for developers to see
- Shadowed professionals and created reports in fields including Finance, Communications, Immigration, HR, and Administration
- Worked with the company's outreach program to organize mental health webinars and give tours of the office to participants in the nonprofit SEWA Organization

Longhorn Steakhouse – Johns Creek, GA *March 2019 - January 2020*

Service Assistant (Hostess)

- Greeted an average of 200 customers each night and escorted them to their seats in a timely manner
- Organized reservations, answered guest inquiries, and managed to-go orders for 30+ customers daily over the phone
- Removed dishes and trash after guest departure and took all items to the kitchen for disposal and cleaning
- Monitored the guest flow in the dining hall to maximize the number of tables in use and minimize customer wait times

Private Tutoring – Duluth, GA *August 2019 - May 2021*

Tutor

- Utilized proprietary teaching materials and techniques to create and implement a customized learning plan for middle and high school students
